

Grants to support members' and student members' attendance at ECSA60

Applications are invited from members of ECSA for grants to support their attendance at the conference ECSA60 from the 2nd to 5th September 2024. Two types of grants are available:

1. Up to £500 sterling is available to support members' registration fees and travel to enable students and early career scientists from any country and scientists from DAC countries to attend this conference and make a presentation.
2. In addition, for ECSA members who have particular needs such as child care responsibilities, or that require the support of a carer to enable them to attend the meeting, up to £200 sterling is available to enable them to attend the meeting and make an oral or poster presentation. This grant may be used in a variety of ways, for example, to cover additional childcare costs incurred during the conference.

Applicants must be a member of ECSA and have an abstract for an oral or poster presentation accepted for the conference. Funds will be made available on presentation of receipts after attendance at the conference. Applications should be made on the ECSA60 travel grant form, which is available through the ECSA website, **and submitted to Dr Gillian Glegg (gglegg@plymouth.ac.uk) by the 20th May 2024**. Successful candidates will be informed by 31st May 2024 in time for the 'early bird' registration.
