Marine Protected Areas Science, Policy & Management Conference

Monday 15th – Wednesday 17th May 2017 Poole, Dorset, UK

Climate change, policy developments such as Brexit and progress in marine science all contribute to a fast changing context for MPAs. This conference will examine the current issues from a variety of perspectives at a time when questions on the future approaches to MPAs are the subject of policy development. The programme includes a DEFRA keynote, contributions from all the UK nations and international papers ranging from mainland Europe to Kenya, Pitcairn and the Galapagos Islands. Proceeding will be published.
