Subject: **2010 ECSA Local Meeting on Estuaries and Coasts of North West England**

Anita,

Could you please add in a paragraph about the 2010 local meeting and AGM we are starting to put together.

Dates: 13 -15 April 2010

Subject: Estuaries and Coasts of North West England

Venue: Foresight Centre, University of Liverpool

Thanks,

Andrew

From: "Karen L Nicholson" <K.L.Nicholson@hull.ac.uk>  
Subject: **2010 ECSA Workshop on Numerical Methods in Estuarine and Marine Ecology**

Hi Anita,

Just to let you know we have just arranged the dates for the Numerical Workshop.  
It will be held from Monday 26th - Friday 30th April 2010.

We will be putting information on the ECSA website shortly and I will send you a further email confirming this information.

Kind regards  
Karen

-----  
Subject: **Deadline extension - 4th European Conference on Coastal Lagoon Research**

4th European Conference on Coastal Lagoon Research  
Research and Management for the Conservation of Coastal Lagoon Ecosystems, South - North comparisons  
Montpellier, 14-18 December 2009

The deadline for abstract submission and early bird registration has been extended to 15 August 2009.  
(this deadline would not allow further extension)

The second announcement is now published on line:  
<http://www.ecolag.univ-montp2.fr/lagoon-conference>

-----  
Subject: **Coasts and Estuaries Research Federation Biennial Meeting**

The Coasts and Estuaries Research Federation (old ERF) Biennial Meeting is coming up in Portland,  
Oregon USA, 1-5 November 2009.

The collections of abstracts is now closed, but there's lots of great talks and collegial interactions.

Early Registration Ends: 1 October 2009

See <http://www.sgmeet.com/cerf2009/> for details

From: Mark Costello <markcost@GMAIL.COM>  
Subject: **Marine research stations network (ASSEMBLE)**

ASSEMBLE is an EU FP7 research infrastructure project comprising a network of marine research stations.

ASSEMBLE offers on-site and remote access for European research groups to conduct marine research projects.

Each ASSEMBLE infrastructure site offers access to installations such as general and climate controlled laboratories, state-of-the-art experimental facilities, technological platforms, research vessels, and a wide variety of marine organisms (either on-site or by shipment).

The first call for applications is now open:

For access from December 2009 to May 2010.

Deadline September 15, 2009

More details at [www.assemblemarine.org](http://www.assemblemarine.org)

Subject: **Encyclopedia of Life - Marine Theme Coordinator Position Announcement**

The Encyclopedia of Life is pleased to announce an opening for a Marine Theme Coordinator housed within the Smithsonian Institute in Washington, DC.

The position is half-time and ideal for someone on sabbatical or currently working part-time in DC. This position will also work closely with the Census of Marine Life. Please distribute to anyone you believe would have interest.

Please find below the link to the job description and more information on how to apply.
